

## TEACHER DELIGHT

**Name of Submitter:** Alisa Wickliff

**Submitter Email:** [abwickli@Charlotte.edu](mailto:abwickli@Charlotte.edu)

### **STEM Leadership in the Classroom and Beyond**

Attend this session and learn about the NC Science Leadership Association Fellows Program and how you might be part of this program. We will ask you to participate in leadership activities and to think about ways you can grow as a leader. Teacher leaders are champions of innovation and creating positive change. They advocate for the improvement of STEM education in the workplace and across the state. The NCSLA Fellows Program is the place to network and increase your effectiveness as a STEM education leader in North Carolina.
