Pathway to Progress: Igniting Minds with K-8 Robotics

Attendees will learn how our team created an engaging robotics program and competition for elementary and middle school students. Our goal was to inspire young minds through hands-on learning in STEM. Our students explored robotics fundamentals, coding basics and teamwork. The Onslow County Schools robotics program aims to foster creativity, problem-solving and critical thinking skills in a supportive environment before and after school.

Presentation Target:

Elementary School and Middle School

Presenter(s):

1. Michelle Chadwick, Onslow County Schools
2. Kelly Dillman, STEM Coach, Onslow County Schools
