Ready... Set... Science Resources!

The purpose of this interactive session is to provide an overview of the new K-12 Science Standards Resource Hub. Participants will engage in conversations highlighting how the Disciplinary Core Ideas (DCI), Science & Engineering Practices (SEP), and Crosscutting Concepts (CCC) connect to unpacking the standards. This presentation will highlight digital resources available to support science instruction.

Presentation Target:

Elementary Audiences

Presenter(s):

1. Debra Hall, K-5 Science Consultant, N.C. Department of Public Instruction
2. Charles Aiken, Section Chief of Mathematics, Science and STEM, N.C. Department of Public Instruction
