Teachers: The Real Engine of Workforce Success

This presentation would make the case for centering investment in teachers as the surest pathway to workforce development. The Kenan Fellowship Program will share how they invest in educators through enriching, immersive and transformative professional development experiences and vetted leadership resources. These efforts are in pursuit of a future where educators are trusted, empowered and celebrated as critical pillars of their communities and are fully equipped to address the nation's workforce development needs.

Presentation Target:

All Audiences
