

INDUSTRY CONNECTIONS

Name of Submitter: Anna Cloud

Submitter Email: anna@firstnorthcarolina.org

Presentation Title: *Building Robots, Building Careers - How FRC Prepares Students for the Workforce*

Build workforce skills with hands-on robotics and mentorship. This interactive workshop will explore how FIRST Robotics Competition (FRC) connects students with industry professionals through mentoring, develops career-ready technical and professional skills and creates pathways to CTE programs, internships and future employment opportunities. Attendees will hear directly from FRC students as they walk through a complete competition season, from the start of the design process all the way to competing with the robot. Participants will have the opportunity to engage with the team, ask questions and even drive a robot themselves.

Presentation Target:

High School

Presenter(s):

1. Anna Cloud, Team Support Specialist, FIRST Robotics
