

STEM 101: EXPLORING THE BASICS

Name of Submitter: Karrie Shew Combs

Submitter Email: kscombs@ncat.edu

Presentation Title: *Simple STEM with a Mission Mindset*

This session explores how to use simple STEM experiences to inspire curiosity, build problem-solving skills and create meaningful connections to real-world careers and community needs. Participants will leave with ready-to-use ideas, resources and a mission-focused approach to making STEM accessible for all youth.

Presentation Target:

Middle School
