

OUTREACH EXPO

Name of Submitter: Chrystal Dean

Submitter Email: deanco@appstate.edu

Presentation Title: *Partnering for STEM Success: Services and Resources from Appalachian State's Mathematics and Science Education Center*

Connecting K-12 educators with regional university expertise, the Mathematics and Science Education Center (MSEC) at Appalachian State University provides vital scaffolding for regional math and science classrooms.

Come by our table at the Outreach Expo to learn how to navigate our free STEM lending library of classroom-ready resources, tap into upcoming professional development opportunities, engage in collaborative community outreach partnerships and access academic research support. Join us to learn how to leverage these regional resources to enrich your STEM curriculum and support student success.

Presentation Target:

K-12

Presenter(s):

1. Chrystal Dean, Director, Mathematics and Science Education Center (MSEC) at Appalachian State University
2. Leslie Bradbury, Asst Director, Mathematics and Science Education Center (MSEC) at Appalachian State University
3. Rachel Wilson, STEM Education Faculty Fellow, Mathematics and Science Education Center (MSEC) at Appalachian State University
