

STEM 101:EXPLORING THE BASICS

Name of Submitter: Howard Ginsburg

Submitter Email: howard.ginsburg@dpi.nc.gov

Presentation Title: *From Blueprint to Breakthrough: Reimagining Your School Through the NC STEM Schools Progress Rubric*

This introductory session explores the NC STEM Schools Progress Rubric as a powerful tool for continuous school improvement and innovation. Participants will learn how to use the rubric as a roadmap to envision and develop a high-quality STEM school or program. School leaders will gain practical insights and strategies to confidently answer questions such as, “What defines a STEM school?” and “How can our school grow into a high-quality STEM school?” Designed for K-12 educators and administrators, this session supports schools at any stage of the STEM transformation journey.

Presentation Target:

K-12

Presenter(s):

1. Howard Ginsburg, K-12 Integrative STEM Specialist; North Carolina Department of Public Instruction
