Presentation Title: *Hook or Anchor: Diving Deep with Phenomena*

Join us for the ins and outs of using phenomena in your lessons. We share tons of resources with information about how to best incorporate local phenomena, how to use phenomena effectively and how to create a driving question from a phenomenon that anchors standards-based content in students' long-term memory. This is appropriate for kindergarten through 12th grade.

Presentation Target:

K-12

Presenter(s):

1. Michelle Taylor, Executive Director, Open Way Learning
2. Lenora Crabtree, Instructor, University of North Carolina Charlotte
